**Project Description/Justification:**

The Talkeetna Airport is a very active commercial and GA airport that provides air taxi support for Denali/McKinley expeditions. The apron is at capacity and there is demonstrated demand for additional lease lot and tie down space. This project will address safety and will allow for increased economic activity in Talkeetna and surrounding area.

Maintenance and operating costs will increase by approximately \$14,600 per year, beginning in 2018.
