

Statewide - Various Airports Minor Surface Improvements **FY2017 Request:** **\$6,000,000**
Reference No: **36245**

AP/AL: Allocation **Project Type:** Construction
Category: Transportation
Location: Statewide **House District:** Statewide (HD 1-40)
Impact House District: Statewide (HD 1-40) **Contact:** John Binder
Estimated Project Dates: 07/01/2016 - 06/30/2021 **Contact Phone:** (907)269-0730
Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

The State maintains approximately 247 rural system airports. The surfaces on these airports are continuously degrading, due to time, use, settlement, wind and water erosion, moisture accumulation, and vegetation growth. Many of these airports are substandard and need minor surface improvements to improve their safety and capacity. The department has an active program to maintain and preserve paved surfaces to slow their rate of deterioration and extend the pavement life, deferring the need for high cost pavement replacement.

Funding:	FY2017	FY2018	FY2019	FY2020	FY2021	FY2022	Total

Project Description/Justification:

This project consists of the following minor surface improvements at state airports:

1. Additional gravel surfacing.
2. Pavement repair, crack sealing, overlay, fog sealing, and other pavement preservation actions.
3. Brush cutting.
4. Erosion protection improvements.

5. Surface grading and compaction.
6. Painting and pavement marking.
7. Obstruction removal.
8. Other minor surface improvements, as funding allows.

The department establishes project priorities annually for funding that seek to maintain and preserve paved surfaces to slow their rate of deterioration and extend the service life of the pavement.
