the regular federal rate: 90.97% or 93.4% depending on the specific class of road.

No such program is available from the Federal Aviation Administration (FAA), but there are some occasions when FAA will give emergency projects priority during the nationwide discretionary fund competition.

Other possible uses of this appropriation include emergency security measures implemented because of terrorist threats. This authorization may also be used for the costs of emergency situations not covered by FHWA Emergency Repair funds or other special sources. The Commissioner's Office may use this appropriation for immediate preventive maintenance or reconstruction in emergency situations to prevent the loss of road or airport structures.
