This project will fund emergency repairs to the Eklutna Overpass. Large, oversize vehicles impacted the Eklutna Overpass on two occasions in summer 2010. Bridge engineers inspected the bridge and found that damage to the girders has compromised their structural integrity. It was determined that the impacts resulted in the need for replacement of two concrete girders associated with the overpass bridge. The girders have been replaced.

Project Description/Justification:

The total cost of repairs for replacement of damaged girders was \$829,500. The Attorney General's office was able to negotiate settlements with the two insurance carriers in the amounts of \$150,000 and \$335,000. This supplemental request will fund the remaining balance for the cost of repairs (\$344,500) and allow final closure of this emergency project.
