

Statewide - Bridge Management System**FY2017 Request: \$1,000,000****Reference No: 61027****AP/AL:** Allocation**Project Type:** Construction**Category:** Transportation**Location:** Statewide**House District:** Statewide (HD 1-40)**Impact House District:** Statewide (HD 1-40)**Contact:** Mike Vigue**Estimated Project Dates:** 07/01/2016 - 06/30/2021**Contact Phone:** (907)465-4070**Appropriation:** Surface Transportation Program**Brief Summary and Statement of Need:**

Development and continued maintenance of a management system for addressing bridge deficiencies on public roads. Bridge management systems manage bridges throughout design, construction, operation and maintenance of the bridges. As funds available become tighter, road authorities around the world are facing challenges related to bridge management and the escalating maintenance requirements of large infrastructure assets. They help agencies to meet their objectives, such as building inventories and inspection databases, planning for maintenance, repair and rehabilitation (MR&R) interventions in a systematic way, optimizing the allocation of financial resources, and increasing the safety of bridge users.
