Prior Funding History / Additional Information:

No prior funding history.

Project Description/Justification:

This project is anticipated to provide support for the following projects on the Haines Highway:

Haines Highway - Milepost 3.5 to 25.3 Reconstruction

This project will widen to a paved width of 36 feet and improve the roadside environment between the airport and the previous upgrade (MP 25.3). Replace the Chilkat River Bridge (#0742). Straighten curves to meet a 55 mph design speed, including the bridge approach at Wells. Provide a long-term solution to debris flow problems near MP 19 and 23. Enhancements are planned along the Chilkat River and at the Mount Ripinsky trailhead.
