The Supplemental Housing Development Program provides funds to supplement federal Housing and Urban Development (HUD) funds to construct decent, safe, and sanitary housing through regional housing authorities. Funds are used to cover housing development costs related to water distribution, sewer hookups, electrical distribution systems, road construction to project sites, site development, and energy efficiency improvements. State laws limit the use of these funds to 20% of the United States Department of Housing and Urban Development's total development cost per unit. These funds are prohibited from being used for administrative or other costs of the housing authority.
