Project Description/Justification:

Highway safety program funds from the National Highway Traffic Safety Administration are used to support the State's Highway Safety Plan, which contains performance goals and measures based on National Priority Program Areas. These grant programs address a wide range of highway safety problems related to human factors and roadway environments and as a result, contribute to the reduction of crashes, injuries, and deaths.

General funds supporting this project come from an amount equal to 50% of the fines collected under AS 28.90.030 for offenses committed within highway work zones and traffic safety corridors during the fiscal year ending June 30, 2019. The proceeds of these funds may be used for highway safety planning and for highway safety programs including, but not limited to, safe driving education, enforcement of impaired driving, and enforcement of seatbelt laws along the safety corridors by the Alaska Highway Safety Office.
