**Prior Funding History / Additional Information:****Project Description/Justification:**

The Bookey parcel ranked in the highest priority category in the 2014 Exxon Valdez Oil Spill Trustee Council (EVOSTC) Habitat Land Prioritization compiled by Great Land Trust. The parcel has approximately 630 feet of Kenai Spur Road frontage, 755 feet of Kenai River frontage, a shared 660 feet boundary with the Eagle Rock Boat Launch parcel, which was a prior EVOSTC-funded purchase. There are 29 acres of uplands and 5.76 acres of wetlands on the property. The attached maps show the location of the property and the surrounding land ownership.

The Bookey parcel is a Native Allotment, and the transaction must be approved by both the Bureau of Indian Affairs (BIA) and the Native Allottee and follow BIA requirements for land sales.

**Added Benefit to Past EVOS Trustee Council Actions:**

Between 1994 and 2006, there have been 12 small parcel acquisitions on the Kenai River. The Bookey property is adjacent to the Eagle Rock Boat Launch, which was approved and funded by EVOSTC resolution 11-13 dated September 15, 2011, and thus builds on past EVOSTC efforts. The

**EVOS Kenai River Bookey Parcel Purchase****FY2021 Request: \$2,300,000****Reference No: 62895**

Department of Natural Resources Alaska State Parks manages the Eagle Rock Boat Launch parcel. The Kenai River frontage between the two parcels is continuous.

**Protection Benefits:**

The Bookey parcel provides habitat for EVOS injured species. It includes freshwater riparian wetlands providing habitat for migratory birds, marine mammals, and anadromous fish. Waterfowl, shorebirds, bald eagles and raptors use this area for feeding, nesting, and staging. The property will be managed by Alaska State Parks consistent with the Kenai River Special Management Area. The parcel uplands will be developed for improvements to recreational opportunities along the river through improved parking and access to the Eagle Rock Boat Launch. The parcel's uplands have recreational development potential and could be a location for developing a new Alaska State Parks visitor center in the future.

**Potential Threats:**

The parcel contains desirable Kenai River frontage, views, and uplands. The parcel could be subdivided into small house lots with exclusively private Kenai River access.

**Proposed Management:**

Fee simple to State of Alaska Department of Natural Resources, to be managed by the Division of Parks and Outdoor Recreation, and with conservation easement to be held by Bureau of Land Management.

**Funding Request:** Not to exceed \$2,300,000, including due diligence and closing costs. The final purchase price will be determined upon completion of the appraisal.
