June 30, 1999

The Honorable Drue Pearce
Senate President
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Pearce:

On this date I have signed the following bill, with certain intent language vetoes, and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CCS HB 50

"An Act making appropriations for the operating and loan program expenses of state government, for certain programs, and to capitalize funds; making appropriations under art. IX, sec. 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund; and providing for an effective date."

Chapter No. 84, SLA 1999

As we ask Alaskans on September 14 the question of using some Permanent Fund earnings, we have made a commitment to continued budget discipline. As legislators, department staff, and others who struggled through this year's budget process know first hand, the combination of specific service cuts and additional non-specific reductions on top of that will require noticeable changes in services available to the public. Effects of the cuts range from reducing the number of troopers to increasing response times for snow removal. There will have to be some layoffs, although the hiring freeze, retirement incentive program, and new federally funded jobs in some areas will help reduce the number.

Following the practice of governors before me, I vetoed certain intent language whether or not I agree with its content because budget bills are constitutionally limited to the subject of appropriations. Nevertheless, my Administration will be pursuing various intent language suggestions for fee increases, transfers of responsibility, and further program efficiencies. I left intact several intent sections that speak directly to appropriation amounts, such as the Legislature's intention to fully fund the school foundation program through the supplemental budget if necessary.

Sincerely,

Tony Knowles
Governor

5	It is the intent of the legislature that the \$371.6 department wide reduction is first allocated toward			
6	administrative efficiencies, and lastly program efficiencies. Efficiencies may include allowing applicants			
7	to purchase appraisals, surveys and related costs where available in the private sector, shortening planning

Chapter No. 85, SLA 1999

The FY2000 budget will provide some improvements in services to Alaska's Mental Health Trust beneficiaries, including limited expansion of community services and steps toward the replacement of the aging Alaska Psychiatric Institute. There was no intent language in the mental health budget bill, so no vetoes were necessary.

Sincerely,

A handwritten signature of Tony Knowles in black ink.

The Honorable Drue Pearce
President of the Senate
Alaska State Legislature
State Capitol
Juneau, AK 99801-1182

Dear President Pearce:

On this date I have signed the following bill, with certain intent language vetoes, and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

HCS CSSB 32(FIN) am H(REENGROSSED)

"An Act making and amending appropriations and reappropriations; making and amending appropriations under art.IX, sec. 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund; and providing for an effective date."

Chapter No. 2, FSSLA 1999

The overall FY2000 capital budget will be \$67 million less than the FY1999 budget despite a \$262 million increase in federal funding. While \$3 million of the reduction is in general funds, most of the difference is because FY1999 included \$200 million in Alaska Housing Finance Corporation bonds for state projects, and nearly that much in airport bonds for Anchorage International Airport's Gateway Alaska project.

Even though the capital budget will be over \$1 billion, it leaves many unmet capital needs, including deferred maintenance and schools. A balanced budget plan for Alaska is essential if we are to responsibly finance our statewide capital needs in the future. In the meantime, Alaska is extremely fortunate to receive increased federal aid to improve our transportation networks and eliminate the honey bucket.

The Honorable Drue Pearce
June 30, 1999
Page 2

I have not vetoed any of the projects funded in this bill. However, I did follow the practice of other governors in vetoing any intent language that does not directly relate to appropriation amounts, whether or not I agree with the policy expressed in the intent language.

Sincerely,

Tony Knowles
Governor
